

Cultivating College Knowledge

Clark County School District is proud to be participating in Nevada College Application Month throughout October. Several events are planned throughout the month to help students identify their best fit schools, get their admissions and financial aid questions answered, and successfully complete their college applications. The goal is to provide every graduating senior the opportunity to complete one application and to aspire for education beyond high school.

This month we encourage all students to participate in various events available throughout the Las Vegas valley in an effort to explore and prepare for post-secondary education, including certificate programs, two-year degrees, and four-year degrees.
